## Campus overview

SAMPLE â  HYPOTHETICAL. Not a government form, lease, or license. Prepared for the QHCP matrix.

Willowbrook at Hanover
1400 Meadow Run Road, Hanover, Virginia 23069

Willowbrook at Hanover is one senior living campus. It contains 120 independent-living apartments, 48 assisted-living units, and 16 memory-care units. The assisted-living and memory-care units are in the same building as the independent-living apartments and are on the same parcel. Residents of every level share the dining room, the wellness clinic, the fitness room, and the transportation program.

The campus is owned by Meadow Run REIT, Inc. The REIT leases the entire real property to Willowbrook TRS, LLC. Willowbrook TRS does not itself furnish health care. It engages Hanover Care Partners, LLC as manager. Hanover Care Partners is described in the management agreement as an eligible independent contractor.

The assisted-living and memory-care units are licensed by the Virginia Department of Social Services as an assisted living facility. The license includes a safe, secure memory-care unit. The community is not a hospital and is not a nursing facility. Neither the owner nor the manager is certified to participate in Medicare with respect to this facility, and the facility would not have been operated by a Medicare-participating provider.

The independent-living apartments are not separately licensed. They are marketed and operated as part of the same congregate-care community, not as a separate age-restricted apartment product.

Unit mix in operation: 120 independent living (65 percent), 48 assisted living (26 percent), and 16 memory care (9 percent). Sixty-four of 184 units, about 35 percent, are licensed assisted-living or memory-care units.

Marketed name: Willowbrook at Hanover, a congregate care community.
