Assisted Living Resident Agreement
Willowbrook at Hanover Assisted Living
License SAMPLE-ALF-23069
Resident: Sample Resident B
Unit: AL-12
Date: March 1, 2026

The resident is admitted to the licensed assisted-living portion of Willowbrook at Hanover, operated by Hanover Care Partners, LLC, in Hanover, Virginia.

Services include assistance with bathing, dressing, and other activities of daily living; medication administration by licensed nursing staff; a written plan of care; and daily observation by the wellness team. A registered nurse supervises the licensed practical nurses assigned to assisted living and memory care.

The memory-care unit is a safe, secure unit on the same license and on the same floor of the same building. A resident who can no longer live in an independent-living apartment may move to an assisted-living or memory-care unit on this property, subject to an available unit and to the license rules.

Meals are therapeutic as ordered and are served in the shared dining room. Independent-living and assisted-living residents use the same common areas.

The community arranges home health and therapy through its contracted providers when the plan of care calls for them. On-site physical, occupational, and speech therapy is scheduled in the wellness clinic by Piedmont Therapy Group under a written services agreement.

This agreement does not make the facility a hospital or a skilled nursing facility. The operator is not Medicare-certified for this facility.
